**There will be 3 pages,
one for every package
action, relax, discovery**

1

cover flow (promoting the package)
no JavaScript needed
<https://www.cssscript.com/demo/cover-flow-card-carousel/>
or
<https://www.cssscript.com/demo/minimalist-cover-flow-slide-show-with-pure-css-css3/>
adjust code and give credit in README.md

3

describing the package
in full detail

2

auto play muted video
without controls

4

creating an interactive map
which either response to
mouse hover (multiple
layers of images on an
image) or by creating an
"image-map" (not clear what
part of the image is
clickable to user, only by
adding "title")

5

can be one or multiple
testimonies, coming from
users which have
submitted them on the
page "testimonies"
>> promote the package
