

- 1 logo should be gif, to show little animation
- 2 navbar should stick to the top
- 3 text coming in as transition from one to the other side, promoting to subscribe
- 4 main title of the page and side
- 5 the companies slogan, should be something catchy
- 6 describing the product
>> every month 3 new weekend trips
>> 3 categories: action, relax, discover
need to find a nice background image
- 7 overview of the trip, not to much detail
- 7.5 allows the user to download a flyer
- 8 link to the page which has more details
- 9 link to the page where a booking can be made
- 10 contact information:
>> use mailto to open user email program for emailing
>> to open default user calling app
- 11 link to social media
- 12 collect feedback & ideas to improve the side and the service
- 13 like to page which answer frequent asked questions

 FAQ ...

1

- submit form
(input fields can change)
- >> offer discount for
subscribing
- >> create database to email
user about new weekend
breaks
- >> collect data about user
profile

There will be 3 pages, one for every package
action, relax, discovery

- 1 cover flow (promoting the package)
no JavaScript needed
<https://www.cssscript.com/demo/cover-flow-card-carousel/>
or
<https://www.cssscript.com/demo/minimalist-cover-flow-slides-how-with-pure-css-css3/>
adjust code and give credit in README.md
- 2 auto play muted video without controls
- 3 describing the package in full detail
- 4 creating an interactive map which either response to mouse hover (multiple layers of images on an image) or by creating an "image-map" (not clear what part of the image is clickable to user, only by adding "title")
- 5 can be one or multiple testimonies, coming from users which have submitted them on the page "testimonies"
>> promote the package
